

Industrial Air Compressors

These compressors are used in a variety of industrial applications. They are suitable for use in metal forming and rolling mill industries.

Product Overview

Industrial Air Compressor Series

This extensive range of industrial air compressors is engineered for demanding environments, specifically optimized for applications within the metal forming and rolling mill industries. The series offers a wide variety of configurations to suit diverse operational requirements, ensuring reliability and consistent performance. Designed for professional use, these units provide the high-pressure air supply necessary for heavy-duty industrial machinery operations.

Available Models

Supported Series

- DC1051A
- DC1051
- DC2051A
- DC2051
- DC3051
- DC3090/DC3095
- DC3090C/DC3095C
- DC2100
- DC3100
- DC1105T
- DC1065A
- DC1065
- DC2065A
- DC2065
- DC2065T
- DC1105TB
- DC1105TVC
- DC2105T
- DC2105TBC
- DC3105
- DC1070T
- DCZ2070
- DCV2070
- DC1080
- DC3065A
- DC1120TV
- DC1120T-K
- DC1120TVA
- DC2120T-K
- DC3120
- DC1080C
- DC1080T
- DC3080C
- DC2080
- DC3065
- DC1155T
- DC2155T
- DC2155T1
- DC1140T-K
- DC2140T-K
- DC2080B
- DC2080C
- DC2080T
- DC2090/DC209
- DC2090C/DC2
- DC4140
- D1155TV
- DC2105TW/DC

Applications

Primary Industries

Metal Forming, Rolling Mill, Industrial Manufacturing
