Product Overview

Industrial Ceiling Fan with Metal Cage

This industrial-grade ceiling fan is engineered for high-performance air circulation in demanding environments. Featuring a durable metal cage and aerodynamically optimized blades, it delivers large air volumes while maintaining low noise levels. The pure copper motor ensures a long service life and reliable, efficient operation, making it an ideal cooling solution for commercial spaces such as hotels, stores, and halls.

Technical Specifications

Motor Type	Pure Copper Motor
Oscillation Mechanism	Aluminum Gear Box

Performance Features

Key Features	Low Noise, Low Temperature-Rising, Large Air Volume, Space-Saving Design, Durable Construction
--------------	--

Applications

Suitable Environments

- Homes
- Hotels
- Retail Stores
- Halls
- Commercial Spaces
