

Industrial Conveyor Belt Chain

This chain is designed for use in conveyor belt systems. It facilitates the movement of materials in a variety of industrial applications.

Overview

Industrial Conveyor Belt Chain

This industrial conveyor belt chain is engineered for high-performance material handling in demanding environments. Designed with robust construction, it ensures reliable operation and longevity across various industrial applications. Its versatile design allows for seamless integration into existing conveyor systems, optimizing workflow efficiency.

Technical Specifications

Model Variants

- RVO. 36/8
- RW1.0/8
- RS2.0/8

Application

Industrial, Conveyor Systems
