

Industrial Fastener Set

This set includes high-strength bolts, nuts, and threaded rods. The fasteners are available in various sizes, materials, and finishes to suit diverse industrial applications.

Overview

Industrial Fastener Solutions

This comprehensive industrial fastener set includes a wide variety of high-strength components such as bolts, nuts, and threaded rods designed for secure and reliable connections. Compliant with multiple international standards including DIN, ISO, and ASTM, these fasteners are engineered for demanding applications in construction, automotive, and machinery assembly. With diverse material and finish options, these components provide the durability and corrosion resistance required for professional industrial environments.

Technical Standards

Reference Standards

- DIN931/33
- DIN960/61
- DIN934
- DIN125/27
- DIN6914/15/16
- DIN7990
- ISO4014/17
- ASTM A325
- ASTM A490
- ASTM A563
- ASTM F436
- ASTM A193 B7
- ASTM A194 2H

Supported Standards

DIN, ISO, ANSI, ASME, BS, AS, JIS

Material & Finish

Material

Carbon Steel • Alloy Steel

Available Finishes

- Plain
- Black Oxidized
- Zinc Plated (White/Yellow/Blue/Color)
- Hot Dip Galvanized
- Dacromet

Strength Grades

8.8, 10.9, 12.9, GR5, GR8

Logistics & Supply

Monthly Supply Ability

800 tons

Supply Capacity

Delivery Lead Time

7-30 days

Standard Packaging

25kg per carton, 36 cartons per pallet

Applications

Typical Applications

- Building and Construction
- Instrumentation
- Automotive
- Furniture Assembly
