Product Overview

Industrial Protection

This industrial head protection bump cap is engineered to provide essential defense against bumps and scrapes in environments where stationary overhead hazards exist. Featuring a high-durability ABS inner shell and a comfortable, padded lining, it effectively absorbs impact while maintaining wearer comfort throughout long shifts. The design includes integrated ventilation holes to ensure optimal breathability, making it an ideal personal protective equipment solution for warehouse, construction, and general industrial applications.

Technical Specifications

Size Availability

Size	Head Circumference (inches)
S	32-36
M	36-40
L	40-44
XL	44-48

Shell Material: ABS Plastic

Certifications: CE

Features

Key Features

- Durable impact-resistant ABS inner shell
- Integrated ventilation for improved airflow
- Padded inner lining for impact absorption
- Adjustable strap for secure and customizable fit
- Lightweight construction for all-day wear
- Easy-to-clean design
