

Industrial High-Velocity Stand Fan

This high-velocity industrial stand fan is designed for efficient air circulation in large spaces. It features durable metal construction, a protective safety cage, height adjustability, and a stable base.

Product Overview

Industrial High-Velocity Stand Fan

This industrial-grade stand fan is engineered for high-velocity air circulation in large-scale environments. Built with a durable metal construction and a protective safety cage, it ensures reliability and operator safety. The adjustable height mechanism and stable base design provide versatile and secure placement for optimal cooling and ventilation performance.

Technical Specifications

Construction Material	Durable Metal
Safety Features	Protective Safety Cage

Design & Ergonomics

Height Adjustment	Yes
Base Design	Stable, secure placement

Performance

Primary Use

Industrial Cooling • Ventilation
