

Industrial LED Beacon

This LED beacon is a robust signaling device suited for industrial and safety environments. Its durable housing and high-intensity LEDs ensure a bright, 360-degree light output.

Product Overview

Industrial LED Beacon (EA9819B)

The EA9819B Industrial LED Beacon is a robust and reliable signaling device engineered for demanding safety and industrial environments. Featuring a high-intensity LED light source housed within a durable polycarbonate dome, it ensures clear, 360-degree visibility. Built to withstand harsh conditions, this beacon is an essential solution for alerting and safety applications.

Technical Specifications

Working Voltage

12 V DC
Voltage

24 V DC
Voltage

Waterproof Grade

IP65

Operating Temperature Range

-30 to +50

Construction & Materials

Housing Materials

- Nylon base
- Rubber base
- Polycarbonate dome

Light Source

LED
