

Industrial Measuring Tape

This measuring tape is designed for industrial use. It features a durable casing, a clear and easy-to-read scale, and a reliable locking mechanism.

Product Overview

Industrial-Grade Precision

This industrial measuring tape is engineered for high-precision tasks, meeting MID class 2 accuracy standards. Designed with a durable ABS case and TPR coating, it offers a comfortable, impact-resistant grip for demanding work environments. The integrated self-locking mechanism ensures efficient and convenient usage for professionals.
