Product Overview

Industrial Power Connectivity

This industrial plug and socket combination unit is engineered for reliable power transmission and distribution in demanding environments. Constructed from durable materials like PA, ABS, and PP, it ensures longevity and consistent performance. With an IP67 protection rating, this unit provides superior resistance against harsh weather and environmental conditions.

Electrical Specifications

Rated Current Options

- 16
- 32
- 63
- 125

Key Electrical Metrics

16 A

Min Rated Current

125 A

Max Rated Current

Rated Voltage

220-415V AC

Physical & Environmental

Protection Degree

IP67

Material Composition

PA, ABS, PP, Brass

Operating Temperature Range

-40°C to 105°C

Model Series
