

Industrial Polishing System

This industrial polishing system is designed for high-precision applications. It is suitable for use in manufacturing, dental labs, and jewelry making.

Overview

Versatile Industrial Polishing System

This high-precision industrial polishing system is engineered for versatility across a wide range of demanding applications. It features a robust control unit with adjustable speed settings and a convenient foot pedal for hands-free operation. Designed for professionals, it is an ideal solution for manufacturing, dental labs, jewelry making, and precision craft work.

Applications

Suitable Applications

Nail Art, Wood Engraving, Craft Carving, Denture Polishing, Artificial Limb Polishing, Jewelry Engraving, Mould Polishing, Precision Parts Carving, Circuit Board Drilling

Technical Features

Control Features

- Adjustable speed settings
- Foot pedal for hands-free operation
- Variable speed control handpiece
- Integrated handpiece holder
