Product Overview

Industrial Power Distribution and Overhaul Solution

This industrial power distribution box is engineered for reliable power management in demanding overhaul and operational environments. Constructed from durable ABS engineering plastic, it provides robust protection for internal components while ensuring safety with an IP44 rating. The unit comes pre-wired for immediate installation, offering a versatile and efficient solution for commercial and industrial power connectivity needs.

Technical Specifications

Detailed technical layout and component specifications for the PXH021205 model.

Protection Rating

IP44

Model Number

PXH021205

Housing Material

ABS engineering plastic

Rated Current

32 A

Dimensions (L x W x H)

300mm x 230mm x 287mm

Components and Configuration

Internal Components Configuration

Component	Quantity	Specification
Output Sockets	5	3P, 32A, 220V, IP44
Main Leakage Circuit Breaker	1	4P, 63A, 0.03A
Branch Circuit Air Switches	5	1P, 32A
Indicator Lights	3	220PXH011204
Incoming Line Plug	1	Concealed, 32A, 5P, 380V

Certifications

Quality Certifications
