Product Overview

Industrial Power Socket Overview

These industrial sockets are designed to provide robust and reliable electrical connections in demanding environments. Built to comply with international standards, they ensure safety and performance in industrial machinery, construction sites, and various outdoor applications. The design features a durable enclosure and a secure locking mechanism, offering reliable protection against water and dust ingress.

Technical Specifications

Poles

- 2P+E
- 3P+E
- 4P+E

Protection Degree

IP44

Available Models

EPL-9113, EPL-9114, EPL-9115

Standard

IEC60309

Earth Contact Position

4H

Electrical Ratings

Rated Current

16 A

Rated Current

32 A

Rated Current

Rated Voltage

130 V

Installation Data

Cable Nominal Cross-Section Area

Range	Unit
1-2.5	mm ²
2.5-6	mm ²
