

Industrial Pull Cord Switch

This industrial pull cord switch is designed for machinery and industrial applications. It provides a secure and efficient method for emergency stops and control functions.

Product Overview

Industrial-Grade Emergency Control

This industrial-grade pull cord switch is engineered for high-demand machinery and safety-critical applications. Built for maximum durability, it provides a reliable and immediate solution for emergency shutdown procedures. The unit is designed for ease of installation and long-term maintenance, ensuring efficient operation in diverse industrial environments.

Operational Features

Core Functions

- Emergency stop functionality
- Machinery control
- Safety-critical system integration
- Robust industrial construction

Compliance and Standards

Certifications

Safety Standard Compliant, Industrial Rated
