Product Overview

Professional-grade goggles designed for varied industrial environments.

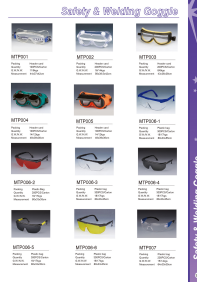

Professional Industrial Safety & Welding Goggles

These industrial-grade goggles provide essential eye protection against impacts, dust, and debris in demanding work environments. Designed for versatility, the collection includes various models suitable for welding, construction, and general manufacturing tasks. They feature durable frames, specialized lens options for glare reduction, and comfortable fits to ensure safety during long-duration use.

Key Features

Suitable Applications	Welding, Construction, Industrial Manufacturing, General Maintenance
Protection Provided	Impact, Dust, Debris, Glare Reduction, Harmful Radiation

Packaging and Logistics

Comprehensive range of safety and welding goggles available with diverse packaging and specification options.

Logistics Specifications

Model Series	Quantity per Carton	G.W./N.W. (kg)
MTP001-MTP005	200	15/14
