

Industrial Sewing Machine for Textile Manufacturing

This industrial sewing machine is designed for mass production environments. It features a robust frame, precision stitching mechanisms, and ergonomic operator stations.

Product Overview

Industrial Sewing Solution

This high-efficiency industrial sewing machine is engineered specifically for mass production environments. It features a robust frame and precision stitching mechanisms designed to ensure consistent and reliable performance across demanding textile manufacturing applications. The system is built to support ergonomic operation, making it suitable for a wide range of industries including apparel, footwear, luggage, furniture, and automotive manufacturing.

Certifications & Standards

Compliance

ISO9000, ISO14000, OHSAS18000, CE

Product Capabilities

Available Machine Variants

- Spreading machine
- Auto cutting machine
- Sewing machine
- Interlock sewing machine
- Special machine
- Bag machine

Suitable Industries

Apparel • Footwear • Luggage • Furniture • Automotive • Aerospace

Product Variety

200 types
