

# Industrial Spray Gun for Food Processing

This high-pressure spray gun is designed for industrial applications in food, beverage, and cereal processing. Its durable metal construction ensures longevity and reliability for cleaning, coating, or lubricating equipment.

## Product Overview

### Industrial-Grade Spray Solution

This high-pressure spray gun is engineered specifically for demanding environments within the food, beverage, and cereal processing industries. Constructed with durable metal for long-term reliability, it provides controlled dispensing via an intuitive trigger mechanism. It is an essential tool for precise cleaning, coating, or lubrication of industrial machinery.

## Technical Specifications

Model	MT-1
-------	------

## Logistics & Packaging

Quantity per Carton	12 PCS
Gross Weight	11 kg
Net Weight	9 kg
Carton Dimensions	54 x 44.5 x 44.2 cm

## Product Features

<b>Build Material</b> Durable Metal	
<b>Primary Applications</b>	Cleaning, Coating, Lubrication
