

Industrial Stand Fan with Metal Cage

This industrial-grade stand fan is designed with a durable metal cage and a heavy-duty base for enhanced stability. It provides powerful cooling in large spaces with its efficient three-blade design, making it suitable for commercial and industrial applications.

Product Overview

Industrial Cooling Solution

This industrial-grade stand fan is engineered for high-performance air circulation in demanding commercial and factory environments. Designed with a focus on durability and operational efficiency, it features a robust metal cage and a heavy-duty base for enhanced stability. The unit provides powerful cooling capabilities suitable for large-scale spaces while maintaining an economical balance between performance and maintenance costs.

Technical Specifications

Blade Configuration	3
Materials	Metal, Heavy-duty steel

Application

Usage Environment

- Commercial spaces
- Industrial facilities
- Large area ventilation
