Overview

High-Performance Industrial Labeling

This industrial-grade thermal transfer label printer is engineered for demanding high-volume environments, including manufacturing, logistics, and retail. With a robust construction and advanced printing technology, it delivers reliable and efficient performance with print speeds reaching 8 inches per second. The system supports both thermal transfer and direct thermal printing, offering versatile media compatibility to meet diverse labeling requirements.

Performance

Print Speed

8 ips

Max Print Speed

Print Resolution

203 dpi

Connectivity & Integration

Connectivity

USB, Ethernet, Serial

Technical Specifications

Printing Methods

- Thermal Transfer
- Direct Thermal

Compliance & Standards

Certifications

CE • FCC
