

Industrial Washer Extractor

This industrial washer extractor is designed for heavy-duty laundry applications. It is constructed with stainless steel and features a robust drum and advanced control system.

Product Overview

Industrial Washer Extractor

This industrial washer extractor is a high-performance solution designed for heavy-duty laundry applications in hotels, hospitals, and commercial laundries. Built with durable 304 stainless steel, it combines washing and extracting functions into a single efficient unit. Featuring advanced programmable controls and a robust suspension system, it offers significant energy and water savings while ensuring exceptional stability during high-speed operation.

Key Features

Certifications	CE, ISO 9001
Construction Material	304 Stainless Steel

Technical Specifications

Capacity Range

15 kg

Min Capacity

100 kg

Max Capacity

Capacity and Dimensions Table

Model	Min Capacity (kg)	Max Capacity (kg)	Drum Diameter (mm)
XPQ-15	10	15	636
XPQ-20	15	20	700
XPQ-30	20	30	900
XPQ-50	35	50	1080
XPQ-70	50	70	1080
XPQ-100	70	100	1200

Operational Details

Heating Methods

- Steam
- Electrical

Control System	Touch-type programmable computer
