

Industrial Wet and Dry Vacuum Cleaner

This wet and dry vacuum cleaner is designed for industrial and commercial use. It features a powerful motor, a stainless steel tank, and a range of accessories for versatile cleaning applications.

Product Overview

Industrial-Grade Cleaning Power

This high-performance wet and dry vacuum cleaner is engineered specifically for demanding industrial and commercial environments. It features a robust stainless steel tank and a powerful motor capable of handling liquids, dust, and heavy debris with ease. Equipped with an advanced filtration system, it ensures efficient dust collection and improved air quality, making it a reliable solution for rigorous professional maintenance tasks.

Performance Metrics

Operational Versatility

Wet Cleaning, Dry Cleaning, Dust Collection, Debris Removal

Construction & Design

Design Features

- Robust stainless steel tank
- High-performance industrial motor
- Advanced air filtration system
- Durable heavy-duty construction

Tank Material

Stainless Steel
