

Infrared Surveillance Camera

This high-resolution color CCD camera is designed for surveillance applications. It provides clear and detailed video footage in both day and night conditions, thanks to its infrared LEDs and durable housing.

Product Overview

Professional Surveillance Solution

This high-resolution color CCD camera is engineered for reliable monitoring in diverse lighting environments. Equipped with integrated infrared LEDs, it ensures clear video capture during both daylight and low-light night conditions. Its durable housing provides robust protection against the elements, making it an ideal choice for persistent, high-quality surveillance applications.

Technical Specifications

Sensor Technology	Color CCD
Night Vision	Yes
Infrared Illumination	Integrated Infrared LEDs

Construction & Durability

Housing	Durable weather-resistant design
---------	----------------------------------

Features & Compliance

Primary Applications	Surveillance, Day/Night Monitoring, Security
