

Ionic Detangling Hair Brush

This ionic hair brush is designed to detangle and smooth hair while reducing frizz and static. The cushioned brush head gently massages the scalp, promoting blood circulation and making it suitable for all hair types.

Product Overview

Professional Ionic Detangling Brush

This classic round hair brush is engineered to provide a professional-grade detangling experience. Featuring a blend of nylon bristles, it effectively removes loose hair while gently massaging the scalp to increase circulation. The ergonomic design ensures a fine touch, making it a reliable tool for achieving smoother and more manageable hair.
