

iPhone/iPod Docking Station

This docking station allows users to charge and sync their iPod and iPhone devices. It holds the devices upright for easy viewing and operation while providing audio output.

Product Overview

Portable Audio Docking Station

This portable speaker system offers a universal docking solution for legacy Apple devices. Designed for convenience, it provides both audio playback and essential charging capabilities through a 30-pin connector. Its compact, upright docking design ensures your device is held securely for easy viewing and operation while in use.
