

iPod Docking Speaker System

This high-fidelity speaker system comes with an integrated iPod dock. It features a digital clock display, multiple control buttons for audio adjustments and is available in white and black.

Product Overview

Professional Audio Solution

This versatile 2.1 channel speaker system combines a high-fidelity sound experience with practical daily functionality. Designed to serve as both an amplified speaker for personal devices and a reliable alarm clock radio, it offers flexible playback options including iPod docking, AM/FM radio, and auxiliary connectivity. Its compact footprint makes it an ideal choice for office or bedside environments, providing a balanced output with a dedicated subwoofer.
