

JC45 Skid Loader with Open Cabin

This skid loader features a compact structure and maneuverable movement, making it suitable for operation in narrow spaces. It has an open cabin with a mechanical control system.

Overview

Versatile Skid Loader for Demanding Sites

The JC45 Skid Loader with Open Cabin is a robust construction machine engineered for efficient digging, loading, and material handling. Its compact design ensures excellent maneuverability in confined spaces, while the powerful engine delivers the necessary torque for heavy-duty applications. The hydraulic system provides smooth, precise control over lift arms and attachments, making it a reliable asset for diverse construction environments.

Performance Metrics

Rated Operating Capacity

700 kg

Rated Operating Capacity

1400 kg

Tipping Load

Engine Power	50 HP
Hydraulic Pump Flow	62.5 L/min
Max Travel Speed	12 km/h
Grade Ability	20 °

Technical Specifications

Machine Weight	2750 kg
Bucket Capacity	0.36-0.45 m ³
Tire Size	10-16.5
Fuel/Hydraulic Oil Capacity	50/50 L

Dimensions

Key Dimensions

Dimension	Value
Height at Max Extension	3670mm
Hinge Pin Height	2900mm
Total Height	2050mm
Length with Bucket	3380mm
Length without Bucket	2450mm
Width with Bucket	1740mm
Ground Clearance	185mm
Dumping Height	2310mm
