

Jeep Wrangler JL Rear Bumper (2018+)

This rear bumper is designed for Jeep Wrangler JL models from 2018 onwards. Constructed from durable materials, it provides enhanced rear-end protection and features integrated mounting points for accessories.

Product Overview

Rugged Rear Protection

This premium rear bumper is engineered specifically for Jeep Wrangler JL models from 2018 onwards. It features a robust steel construction designed to handle demanding off-road conditions while providing enhanced impact resistance. With integrated sensor compatibility and versatile accessory mounting options, this bumper blends functional durability with a refined aesthetic.
