

# Jewel CD Case

Rigid plastic cases designed for storing and protecting compact discs. These cases feature a hinged design for easy disc access.

## Product Overview

### Standard Jewel CD Case

These standard jewel CD cases provide a reliable solution for storing and protecting your compact discs. Constructed from durable, rigid plastic, they ensure your media remains safe from scratches and dust. The classic hinged design offers easy access to the disc, making them an ideal choice for both professional distribution and personal organization.
