

JIS Rising Stem Gate Valve

This JIS gate valve is designed with a rising stem for clear indication of its open or closed state. It is available in 10K and 20K pressure ratings.

Overview

JIS Rising Stem Gate Valve

This JIS rising stem gate valve is engineered for industrial applications that demand precise flow control and reliable shut-off capabilities. Designed for durability, it is available in 10K and 20K pressure ratings to suit various pipeline requirements. The rising stem configuration provides an immediate visual indication of the valve's open or closed status, enhancing operational safety and efficiency.

Technical Specifications

Design Features

- Rising Stem
- Flanged Connection
- Industrial Grade Construction

Pressure Ratings	10K, 20K
Body Material	WCB (Cast Carbon Steel)
Nominal Size	350 A

Key Metrics

Performance Metrics

10 K

Standard Rating

20 K

High Pressure Rating
