

Kids' Single-Speed Bicycle with Fenders

This kids' bicycle is equipped with front and rear fenders for protection from splashes. It features a single-speed drivetrain, chain guard, padded seat, and high-rise handlebars.

Overview

Designed for Young Riders

This 20-inch children's bicycle combines safety and style, featuring a durable frame in a vibrant black and yellow color scheme. Equipped with essential accessories like front and rear fenders and a rear rack, it is built for both recreational fun and practical utility. The single-speed drivetrain and included chain guard ensure a simple, low-maintenance riding experience for children.
