

Kitchen Ventilation Hood with LED Lighting

This kitchen ventilation hood efficiently removes smoke and odors. It features a multi-layered filter system, adjustable fan speeds, and integrated LED lighting.

Product Overview

Professional Kitchen Ventilation Solution

This stainless steel range hood is engineered for high-performance smoke and odor extraction in demanding kitchen environments. It features a robust multi-layered filtration system combined with adaptable fan speeds to maintain optimal air quality. With its integrated LED lighting and sleek, modern canopy design, it provides both essential utility and a sophisticated aesthetic for contemporary kitchen spaces.

Technical Specifications

Material	Stainless steel
Lighting	Integrated LED lighting

Key Features

Capabilities

- Multi-layered filter system
- Adjustable fan speed control
- Integrated illumination for cooking surfaces
- Modern canopy ventilation design

Product Tags	Ventilation, Commercial Grade, Stainless Steel, Energy Efficient Lighting
