

Kitchen Ventilation Range Hood

This range hood provides effective kitchen ventilation. It features a sleek design with a curved glass canopy, digital display, LED lighting, and stainless steel construction.

Product Overview

Professional Kitchen Ventilation Solution

This modern range hood is designed to provide high-efficiency air purification for professional and high-traffic kitchen environments. Featuring a sleek, curved glass canopy and robust stainless steel construction, it effectively eliminates smoke, grease, and odors. Integrated LED lighting and an intuitive digital display ensure a seamless and comfortable cooking experience.

Technical Specifications

Rated Power Input

200 W

Rated Input Power

Model Identification

CXW-200-A72

Design & Construction

Material Composition

Stainless Steel, Painted Metal, Tempered Glass

Features

Control System

- Digital display
- Push-button interface
- Integrated LED lighting

Key Benefits

Smoke Extraction • Grease Filtration • Odor Neutralization • Easy-Clean Surface
