Product Overview

Professional Respiratory Protection

This KN95 disposable particulate respirator is engineered to provide efficient filtration of airborne particles, offering reliable protection against dust, pollen, and non-oil-based aerosols. Designed for a secure and comfortable fit, the mask features an adjustable nose clip and elastic ear loops to ensure optimal sealing for various face shapes. It is an essential single-use solution for maintaining respiratory safety in diverse environments.

Technical Specifications

Filtration Efficiency	95 %
Standard Compliance	GB2626-2006

Design Features

Key Design Features	Adjustable Nose Clip, Elastic Ear Loops, Multi-layer Filtration, Single-use
