

Knapsack Pressure Sprayer 15L

The Knapsack Pressure Sprayer is a portable spraying device designed for agricultural and gardening applications. It features a durable, high-density polyethylene tank with a capacity of 15 liters and an adjustable nozzle.

Product Overview

Professional Knapsack Sprayer

This portable 15-liter knapsack pressure sprayer is engineered for versatile agricultural and gardening applications. Built with high-density polyethylene, the tank offers exceptional resistance to chemicals and UV radiation, ensuring long-term durability. Designed for user comfort, it features an ergonomic handle and padded shoulder straps, making it ideal for extended operation when applying pesticides, herbicides, fertilizers, or cleaning solutions.
