Product Overview

General Purpose Protection

These 10-gauge seamless knitted work gloves are engineered for general-purpose tasks requiring a balance of dexterity and protection. The T/C blend fabric offers comfort for extended wear, while the rough PVC dotted palm enhances grip performance in dry conditions. Ideal for applications in construction, landscaping, and general daily maintenance.

Technical Specifications

Gauge	10 GG
Shell Material	T/C (Polyester/Cotton Blend)
Grip Coating	Rough PVC Dots

Performance Features

Key Advantages

- Seamless construction for comfort
- Excellent high abrasion grip
- Breathable shell design
- Designed for dry conditions
