

# Laboratory Water Chiller

This water chiller provides high-precision temperature control for laboratory equipment. It is designed for easy installation, operation, and high efficiency.

## Overview

### Professional Laboratory Cooling Solution

This industrial-grade refrigeration chiller provides precise temperature control for sensitive laboratory equipment. With a cooling capacity of 800W, it effectively manages heat generated during laser device operations via a reliable compressor-based cycle. Its compact design and user-adjustable temperature settings ensure high efficiency and ease of integration into existing lab environments.

## Technical Specifications

### Cooling Capacity

**800 W**

Cooling Capacity

### Pump Power Options

- 0.03 KW
- 0.051 KW
- 0.1 KW

### Water Tank Capacity

6 L

### Refrigerant

R-134a

## Physical Dimensions

### Weight Details

Type	Weight
Net Weight	24 Kgs
Gross Weight	27 Kgs

### Unit Dimensions

58 x 29 x 47 cm

### Packing Dimensions

70 x 43 x 58 cm

## Certifications

### Compliance

CE • RoHS
