Product Overview

Advanced Laser Hair Therapy

This laser therapy helmet utilizes 650nm low-energy laser technology designed to penetrate the scalp and stimulate hair follicles at a depth of 2nm. By enhancing blood circulation and boosting ATP production, the device helps revitalize follicles, reduce hair loss, and promote thicker, healthier hair growth. It is a non-invasive, safe solution suitable for various conditions, including hereditary, postpartum, and stress-related hair loss.

Technical Specifications

Power Rating	2 W
DC Input	100-240V AC, 50/60Hz, 0.2Max
DC Output	5V 1000mA
Battery Parameters	3.7V, 2000mA

Treatment Information

Treatment Duration

25 minutes

Daily Treatment Time

Targeted Conditions

Seborrheic Hair Loss, Hereditary Hair Loss, Postpartum Hair Loss, Post-Transplant Fixation, Alopecia Areata, Pressure-Related Hair Loss

Logistics

Container Loading Capacity

Container Type	Capacity
20' Container	2.2K units
40' Container	4.5K units

Packaging Dimensions

- Setup Box: 319mm x 229mm x 136mm
- Master Carton (2 Inner): 495mm x 345mm x 297mm
- Inner Carton: 329mm x 239mm x 282mm
