

LCD TV Swivel and Tilt Stand

This electronic stand is designed for LCD TVs and offers a turn and tilt function. Its sturdy design provides stability, while a cable inlay system hides cables and allows for easy assembly.

Product Overview

Professional LCD TV Stand

This electronic stand is engineered specifically for LCD TVs, offering enhanced flexibility through its integrated turn and tilt functionality to ensure the perfect viewing angle. The robust construction provides superior stability for your equipment, while the integrated cable management system keeps your workspace tidy by concealing unsightly wires. Designed for user convenience, the stand ensures a straightforward and efficient assembly process for professional environments.
