

Leather Palm Work Gloves

These work gloves provide durability and protection for demanding tasks. They are constructed with reinforced leather palms and flexible fabric backing for enhanced grip, abrasion resistance, comfort, and dexterity.

Product Overview

High-Performance Protection

These all-purpose work gloves are engineered for superior durability and hand protection in demanding environments. Featuring reinforced leather palms and finger overlays, they provide excellent grip and abrasion resistance for heavy-duty tasks. The design incorporates a breathable, flexible fabric backing to ensure comfort and maintain dexterity during extended wear.
