

Leather Work Gloves with Reinforced Palm

These leather work gloves are designed for durability and comfort. They feature a reinforced palm for enhanced grip and protection and an adjustable wrist strap for a secure fit.

Product Overview

Professional Leather Work Gloves

These durable black leather work gloves are engineered for high-performance tasks in demanding environments. Featuring a reinforced palm area, they offer superior grip and protection against abrasion. The combination of high-quality leather and flexible synthetic materials ensures both long-lasting durability and excellent manual dexterity for the wearer.
