Overview

High-Performance Outdoor Illumination

This LED Area Light is a robust solution for parking lots and outdoor spaces, offering high luminous efficacy up to 120lm/W. Built with advanced Driver on Board (DOB) technology and Cree SMD 5050 LEDs, it ensures a long lifespan exceeding 100,000 hours without the need for capacitors. With multiple mounting options and a 10-year manufacturer warranty, it provides reliable, quiet, and maintenance-free lighting for commercial and industrial applications.

Electrical Specifications

Power Selection

- 150W
- 200W
- 300W

Input Voltage	120-277V AC
Power Factor	0.99
Total Harmonic Distortion	<15%

Lighting Profile

Color Temperature (CCT)	3000K, 4000K, 5000K, 5700K
Optical Distributions	Type II, Type III, Type IV, Type V

Construction & Installation

Mounting Types <ul style="list-style-type: none">• Arm Mount• Slipfitter Mount• Trunnion Mount	
Housing Colors	Bronze, Black, White, Grey

Features & Controls

Advanced Features <ul style="list-style-type: none">• 0-10V Dimming• 10KV/20KV Surge Protection Device (Optional)• Deadly quiet operation (No noise)• No capacitor design for longer lifespan	
Photocell Options	3 Pin, 5 Pin, 7 Pin

Compliance & Environment

Certifications cULus • DLC • ENEC • CE • RoHs • IDA • FCC	
Environmental Rating	Suitable for wet locations
