Product Overview

High-Efficiency Lighting Solution

The T5 LED Batten is a high-performance, sleek lighting solution engineered for both residential and commercial applications. Constructed with durable Polycarbonate (PC), these fixtures offer excellent impact resistance and longevity. Designed for versatility, they provide bright, uniform illumination across a range of power options to suit diverse space requirements.

Technical Specifications

Key Performance Metrics

5 W

Minimum Power

18 W

Maximum Power

1800 lm

Max Lumen Output

Input Voltage Range

100-250V / 175-250V

Housing Material

Polycarbonate (PC)

Model Options

Product Comparison Table

Model	Power	Lumen Output	Dimensions (mm)
T5-B-30	5	500	284 x 22.5 x 35
T5-B-60	9	900	565 x 22.5 x 35
T5-B-90	13	1300	867 x 22.5 x 35
T5-B-100	15	1500	977 x 22.5 x 35
T5-B-120	18	1800	1170 x 22.5 x 35
