Product Overview

Innovative Dual-Function Design

This 14-inch ceiling fan with an integrated LED light provides a space-saving, dual-function solution for modern interiors. Combining efficient air circulation with adjustable ambient lighting, it is ideal for bedrooms, living rooms, or home offices. The unit features 360-degree oscillation for optimal air distribution and is easily controlled via the included remote.

Lighting Performance

Brightness

1400 lm
Min Lumens

1800 lm
Max Lumens

Color Temperature Range

4000K - 6500K

LED Power Consumption

24 W

Fan Specifications

Air Flow	100 CBM/min
Motor Speed	1300 rpm
Wind Oscillation	360 degrees
Wind Speeds	3

Control & Features

Remote Control Features

- Power Control
- 3-Speed Fan Adjustment
- Brightness Adjustment
- Timer Settings (1h, 2h, 4h)
- Sleep Mode
- Mode Selection

Physical Dimensions

Fan Diameter	14 inch
Motor Size	74 x 74 x 20 mm
