

LED Dusk-to-Dawn Night Light

This LED night light automatically turns on at dusk and off at dawn thanks to its integrated light sensor. It features energy-efficient, long-lasting LED bulbs and a white plastic construction.

Product Overview

Smart Illumination for Every Home

This LED Dusk-to-Dawn Night Light provides convenient, automated lighting for indoor spaces. Featuring an intelligent light sensor, the unit seamlessly activates at dusk and turns off at dawn to save energy. Designed with long-lasting LED technology, it offers a reliable and efficient solution for night-time navigation.
