Product Overview

Reliable Emergency Lighting Solution

This LED Emergency Exit Sign is designed to provide clear and visible guidance for evacuation routes in commercial buildings, offices, and public spaces. Constructed with a durable injection-molded ABS housing, it ensures long-lasting performance and reliability. The unit features efficient LED illumination and an integrated battery backup system, making it a crucial component for meeting safety regulations and enhancing emergency preparedness.

Technical Specifications

Power Consumption

3 W

Max Consumption

2 W

Max Output

Input Voltage	230 V
Dimensions	307 x 257 x 45 mm
Operating Temperature	0°C to 40°C

Battery & Performance

Battery Type	3.6V Nickel Cadmium
Charging Time	24 hours
Emergency Duration	90 minutes

Construction

Housing Material	Injection-molded ABS
Certifications	CE Approved
