

LED Flat Panel Luminaire

This LED panel light delivers efficient and uniform illumination suitable for indoor environments. Its slim design ensures easy installation in both suspended ceilings and recessed fixtures.

Product Overview

Professional LED Flat Panel Luminaire

This high-efficiency LED flat panel luminaire is engineered for versatile indoor lighting, perfect for offices, classrooms, and commercial spaces. Featuring a slim, durable aluminum frame and high-quality diffuser, it delivers uniform illumination while minimizing glare. Designed for longevity and energy efficiency, this panel provides a reliable, cost-effective lighting solution with a 3-year warranty.

Technical Specifications

Luminous Efficacy	100 lm/w
Input Voltage	AC85-265
Color Rendering Index (CRI)	80
Color Temperature (CCT)	3000-6000K
Working Lifetime	35000 Hours
Driver Configuration	Isolate or Non-Isolate

Physical & Environmental

Lamp Body Material	Aluminum
Operating Temperature	-20 to 50
Installation Type	Embedded

Compliance & Quality

Certifications	CE, EMC, LVD, RoHS
Warranty Period	3 Years

Applications

Recommended Applications

- Residential/Home
- Office
- Classroom
- Supermarket
- School
