Product Overview

High-Performance LED Lighting Solutions

These professional LED flood lights are engineered for demanding outdoor environments, including tower crane and square project applications. Featuring robust construction with an IP65 protection rating, they ensure durability and reliable performance in various weather conditions. With a wide range of power options from 10W to 400W and versatile color temperatures, these lights provide efficient and customizable illumination for diverse professional needs.

Technical Specifications

IP Rating

IP65

Power Output Range

10W - 400W

Input Voltage

AC85-265V

Color Temperature

3000K - 6500K

Color Rendering Index (CRI)

80 >

Model Information

Available Series

- TG-2401
- TG-2402
- TG-2501
- TG-2502
- 10-1401
- 10-1501

Features

Lighting Features	Adjustable Beam Angles, RGB Options, WWW Options, WRG Options, DMX512 Support
Installation Types	Handheld Portable, Fixed Installation
