Overview

High-Visibility LED Gas Price Signage

Designed specifically for outdoor gas station environments, this LED price display provides exceptional visibility and reliability in all weather conditions. The modular construction allows for flexible digit configurations, ensuring it meets specific pricing format requirements for fuel types like gasoline and diesel. With advanced remote control, mobile app, and computer connectivity, updating prices is quick, efficient, and user-friendly.

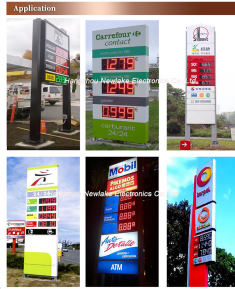

Technical Specifications

Robust black metal frame with integrated LED matrices for high-visibility pricing.

IP Rating	IP67 (Waterproof and Dustproof)
Power Supply	DC12V
Certifications	CE, RoHS

Display & Visuals

High-visibility display suitable for various fuel types and outdoor environments.

Brightness Adjustment

- 3 Levels Auto-adjusting
- 16 Levels Manual adjustment

Standard Digit Height

12 inch

Available LED Colors

Red, Green, Amber, White

Control & Connectivity

Control Options

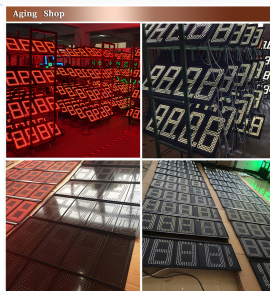

- RF Remote Controller
- Mobile App (WiFi)
- Computer (WiFi/4G)
- RS232 Serial Port
- TCP/IP

RF Transmission Distance

300 m

Max Range

Installation & Assembly

Durable and weather-resistant construction designed for long-term reliability.

System Configuration

Feature	Capability
Max Groups	10
Face Options	Single or Double-sided
Line Capacity	1 to 8 lines
Mounting System	S-Type aluminum brackets
