

LED Headlamp - 1W/3W

This headlamp features a 1W/3W LED light source for efficient illumination. Its hands-free design and adjustable headband make it suitable for camping, hiking, and repair work.

Product Overview

Professional Hands-Free Illumination

This versatile LED headlamp is engineered for reliable, hands-free operation in demanding environments. Featuring both 1W and 3W power settings, it provides efficient illumination for camping, hiking, and professional repair tasks. With its lightweight construction and adjustable headband, it ensures long-lasting comfort for extended use.
