

# LED Lightbar for Emergency and Security Vehicles

This LED lightbar is designed for emergency and security applications. It features green, yellow, and white LEDs for versatile signaling.

## Product Overview

### High-Intensity Emergency Lighting

The LTF8500A LED lightbar is a high-intensity lighting solution specifically engineered for emergency and security applications. Featuring a versatile combination of green, yellow, and white LEDs, it provides exceptional signaling capabilities for various operational needs. Built with a durable housing and robust mounting hardware, this lightbar ensures secure installation and long-lasting performance in demanding environments.

## Technical Specifications

### Recommended Applications

- Emergency vehicles
- Security personnel vehicles
- High-visibility signaling

### Durability

Durable Housing • Secure Mounting Hardware • Energy Efficient

### LED Colors

Green, Yellow, White
