

LED Mining Work Light

This LED work light provides high-power illumination for demanding work environments. Its tough design is ideal for mining applications.

Product Overview

High-Performance Mining LED Work Light

Engineered for the toughest industrial environments, this 50W LED work light delivers exceptional brightness with a robust, durable housing. Featuring advanced OSRAM LED technology, it provides reliable illumination for mining, heavy machinery, and off-road applications. Its dual IP68 and IP69K waterproof rating ensures consistent performance even in extreme weather and high-pressure washdown conditions.

Performance Metrics

Rated Power

50 W Power Output	5000 lm Raw Lumens	4000 lm Effective Lumens

Technical Specifications

Electrical Requirements

- Voltage: DC 10-30V
- Built-in DT Connector

Lighting Characteristics

- Light Source: 5 x 10W OSRAM LEDs
- Color Temperature: 5,700 K
- Beam Patterns: Wide Flood Beam / Spot Beam

Durability & Compliance

Ingress Protection Rating

IP68 • IP69K

Warranty

2 Years

Identification

Model Number

EA9890K-50
